KIDS TEST KITCHEN

Kids' Test Kitchen is on a mission to get all eaters cooking, tasting, and thinking about healthy ingredients! Let's continue to redefine kid food; one lesson, and one student at a time!

Each class presents students with an opportunity to explore new or familiar foods in their raw, unmanipulated state. Then, working as a team, we'll slice, dice, peel, measure, and cook until we've prepared the finished dish. At the end of class each student will receive the main ingredient, or a sample of the finished dish, and the recipe so that they can show off what they've learned!
