REGISTRATION & GENERAL INFORMATION

Payment

Payment must accompany all registrations. Checks should be made payable to Woburn Recreation. Mastercard, Visa, and Discover are also accepted.

On-line registration is the preferred method of Registration! If you need to pay via check or cash please contact the Woburn Rec Dept to arrange an appointment.

If Registering for the first time with Woburn Recreation, you will need to create a household account. Please call 781-897-5805 if you need assistance.

Inclement Weather

Please check woburnrec.com for inclement weather updates on programs and fields operated by Woburn Recreation. We will update our website and send e-mails regarding program cancellations as soon as possible. It is also our policy that if Woburn Public Schools close due to weather related issues, our programs will also be cancelled. If we cancel a program we will do our best to make that scheduled class up that week.

Refunds

Refunds, less the minimum \$10.00 non-refundable deposit, may be given to a participant who withdraws from a program two weeks or more prior to the start of the program. To be eligible for a refund, the request must be in writing to the Woburn Recreation Department. In cases of inclement weather or other unforeseen circumstances, refunds or program credits will not be given, however we will do our best to reschedule the program. Participants who withdraw from a program less than 5 business days prior to the start of the program are not eligible for a refund or credit. **Refunds or credits will not be given for early termination of a program by a participant. Program expenses have already occurred.**

Financial Assistance

Please contact the Woburn Recreation Department to require about Financial Assistance. We offer payment plans for Woburn Residents.

Participants Responsibility

We ask that all participants respect the staff, other participants, program equipment, age requirements, and facilities when participating in programs offered by Woburn Recreation. If participants fail to cooperate with the rules, Woburn Recreation reserves the right to dismiss or suspend a participant in any program without a refund.

Course Confirmation

No confirmation for registering via fax or mail will be sent. A participant is registered ONLY when payment is received. If at any time, there are questions regarding your household account, please log onto www.woburnrec.com to view your household account history.

Special Needs/Adaptive Recreation

Adaptive sports, recreation, and social programs are offered to youth and adults with intellectual and physical disabilities. The programs provide options for people with disabilities to participate in programs and activities that are specifically designed to meet their diverse needs. Inclusion services are also available for any individual who may have a disability and is looking to participate in a program with support. If you have any questions about what type of program is right for you or your family member, please do not hesitate to contact the Woburn Recreation Department. **For planning purposes, we ask that if any child requires special assistance that you contact the Recreation Department 2 weeks prior to the class so that we have ample time to provide adequate assistance.**

Cancellations

The Woburn Recreation Department reserves the right to cancel, postpone, or combine programs. Every effort will be made to notify participants if a program has been cancelled, changed, postponed or relocated due to space availability. Learn to Play Dungeons & Dragons: The Giant's Table

Join us to learn how to play Dungeons & Dragons, the world's greatest roleplaying game! Dungeons & Dragons offers unique experiences for young people, stressing heroism and risk-taking while building teamwork, empathy, and storytelling skills. We provide everything your child will need to play. Players join together to investigate trouble in The Giant's Table, our introductory adventure which will teach your child all about the D&D rules and reward them with some precious treasures! The heroes have been hired to find a missing man who was sent to fetch a magical jewel, just as a small town comes under attack from evil fey creatures. They must learn how the two events are connected and what it has to do with a mysterious figure known as Mother Fenlight. The Giant's Table was written in-house and is designed to teach the rules of D&D through gameplay. It serves as a fun introduction to the game and the fantasy world that all Roll Models adventures are set within. The Giant's Table uses pre-generated 1st level characters.

SCIENCE & DESIGN

Amazing 100 Make & take-home Science Experiments

Come join this very cool and fun elementary school summer program! Over the past 25 years, Top Secret Science has worked hands-on with over 1,200,000 local children. Each day the kids will explore 20 weird and wacky hands-on science experiments and will make and take home all the projects. The scientists are fast paced and funny and your kids will be thoroughly entertained (they'll even learn some interesting things too). We will explore weird motions and flying things, air and water pressure; crazy chemistry, light and sound, science magic, electricity, magnets, astronomy and more. Be prepared for lots of fun stuff. A wonderful 6 hours of science each day. Hope to see you there!!

Weeks Run: Week 2 (7/6-7/10) & Week 5 (7/27-7/31)

Future Architects

Unleash your inner architect as you work on and take home your very own Architectural Design kit! Dive into the world of building design as you construct everything from simple arches and domes to iconic landmarks like the Sydney Opera House and the Eiffel Tower. With 20 awesome models to create, you'll learn how real-world structures stand tall through hands-on fun! Challenge yourself as you explore architectural principles and engineering techniques, all while designing and building your very own masterpieces. As you build stadiums, skyscrapers, and even a Ferris wheel, you'll discover the secrets behind how engineers and architects plan, design, and create the world's most incredible structures.

Weeks Run: Week 3 (7/13-7/16)

X in 1 Robot Fun

If you are new to robot building, this is for you! Come assemble up to five different vehicles, three different dinosaurs, and two windmills as you work on and take home your very own X in 1 Robot kit! You will construct ten animated building options with child friendly parts that function indoors with the use of a Hand Generator, outdoors with the use of the XL Solar Panel, and indoors and outdoors with the Wind Powered LED. Developing manual dexterity and building confidence has never been this fun! You will also learn three separate renewable energy concepts: Hand Generator power, Solar power, and Wind power. With the aid of your instructor, you will utilize the colored instruction manual and work with over 115 pieces as you explore, create, and innovate! With X in 1 Renewable Energy Kit, the fun never has to end. Come unleash your inner robot engineer!

Weeks Run: Week 3 (7/13-7/16)

Future Engineers

If you like to create and build things, this program is for you! Enjoy an adventure of physics, gravity, and action and take home your very own engineering kit! Through 26 model-building exercises, you'll investigate all six classic simple machines — wheels and axles, levers, pulleys, inclined planes, screws, and wedges — as well as gears. Students will follow easy step-by-step illustrated instructions to build each model, which includes a balance scale, elevator, and geared carousel! Test your new creations to demonstrate basic laws of physics and how they exist in our everyday lives! Young researchers will gain hands-on experience with the design process and learn about various topics in the fascinating world of engineering. Come obtain the necessary skills and experience to take on the technological challenges of the future and continue your engineering journey at home!

14 in 1 Robot Adventure

Come and take home your very own 14 in 1 educational solar robot kit! Every hour more solar energy reaches the Earth than humans use in an entire year! Learn how solar energy works and witness firsthand how this technology can harness the sun's energy source. This kit contains unique components and parts that operate on land and water. Construct 14 different solar powered robots from functional to comical designs which include a tortoise bot, bug bot, paddle bot, tumbler bot, monster bot, big wheeler bot, car bot, surfer bot, and rowing bot! Working with its motor, gears, and solar panel, watch your solar bot come to life without any batteries as it uses the power of the sun. Take part in one of the alternative energies that is used most widely across the globe. Use your own creativity, put your mind in motion, and create your own designs!
